Complaints

No Open Complaints

"Open Complaints" reflect only those complaints for which a departmental investigation has determined that sufficient evidence exists to establish probable cause of a violation of the law or regulations. Only those cases that have proceeded through an investigation to the adjudication stage are displayed. **State law prohibits the disclosure of any information about open complaints** [Code of Virginia Section 54.1-108]. Members of the public may review official records and obtain copies only after a complaint investigation is closed.

No Closed Complaints

"Closed Complaints" reflect complaints closed since 1990. Cases closed without disciplinary action are purged after three years in accordance with DPOR's record retention policy.

To inquire about closed complaints, see the department's [Public Records Access](#) or contact the department's Information Management Section at (804) 367-8583 or publicrecords@dpor.virginia.gov.

SCC eFile

[SCC eFile](#) may be used to search for Virginia and foreign corporations, limited liability companies, limited partnerships, and business trusts. Business entity details available in SCC eFile are: entity name, SCC ID, business entity type, date of formation or registration, status, principal office address (if required) and registered agent/registered office. You may also view an entity's eFile history, including images of documents that have been filed using SCC eFile.

Clerk's Information System

The [Clerk's Information System \(CIS\)](#), an electronic database, also contains general information on file at the Commission for Virginia and foreign corporations, limited liability companies, limited partnerships, and business trusts. CIS provides more in-depth information than what is currently available in SCC eFile. Images of business entity documents are not currently available for electronic or online viewing, except for [Corporate Annual Reports](#) and documents filed via SCC eFile.

Internet access to CIS performs optimally when using Internet Explorer 7. Other browsers may produce unpredictable results. Scripting options for your browser must be enabled to use CIS. First-time users are encouraged to [review the user documentation](#).

R U Old Enough? - Virginia ABC developed a four-minute [training video](#), "Ask 4 ID," to help sellers and servers prevent underage alcohol and tobacco sales.

The Department of Alcoholic Beverage Control issues licenses based upon criteria such as beverage type, establishment type, and/or place of consumption. The licenses allow for the serving and/or sale of wine, beer, and/or mixed beverages. Although the Board has many types of licenses, they fall within three categories--**banquet, retail and compliance/industry licenses.**

Banquet Licenses

Banquet Licenses are for persons or groups who plan to host an event such as a wedding reception, birthday party, family reunion, tasting, fundraiser, etc. where alcohol will be served in an unlicensed location or club premise. Select [Banquet \(One-Day\) and Specialty Banquet Licenses](#) for information on banquet license types, costs and for the online application.

Retail Licenses

Retail Licenses allow the sale of alcohol at restaurants, hotels, convenience stores, grocery stores, gourmet shops, delicatessens, etc. Select [License Types & Costs](#) for a complete list of privileges and costs. Select [Forms & Reports](#) for the retail application.

Compliance/Industry Licenses

Compliance/Industry privileges are granted to the following groups: shipper, wholesaler, importer, manufacturer, etc. Select [Forms & Reports](#) for the retail application (used for all compliance/industry licenses.) Select [Shipper's License/Carrier Process](#) for additional procedures and information related to shipper's licenses and the Common Carrier approval process.

Exempt Organizations Select Check

Exempt Organizations Select Check is an on-line search tool that allows users to select an exempt organization and check certain information about its federal tax status and filings. It consolidates three former search sites into one, providing expanded search capability and a more efficient way to search for organizations that:

- Are eligible to receive tax-deductible charitable contributions (**Publication 78 data**). Users may rely on this list in determining deductibility of contributions (just as they did when Publication 78 was a separate electronic publication rather than part of *Select Check*).
Updated data posting date: 9-10-2012
- Have had their tax-exempt status automatically revoked under the law because they have not filed Form 990 series returns or notices annually as required for three consecutive years (**Auto-Revocation List**).
Updated data posting date: 9-11-2012
- Have filed a Form 990-N (**e-Postcard**) annual electronic notice. (Most small organizations whose annual gross receipts are normally \$50,000 or less are required to electronically submit Form 990-N, unless they choose instead to file a completed Form 990 or Form 990-EZ).
Updated data posting date: 9-10-2012

[A tip for organizations and donors about the timing of data updates.](#)

In addition to searching for a particular organization, users may download a complete list of each of the three types of organizations through *Exempt Organizations Select Check*.
